NATURAL PURIFICATION

# A CLEAN START TO MORE WELL-BEING

Cleanse is a gentle, yet effective, 30-day digestive track cleansing program to promote a healthy intestinal flora. It helps the body clear the digestive track while promoting the body's natural digestive functions and supporting beneficial gut bacteria by offering powerful prebiotic diversity.

## EFFECTIVE SUPPORT FOR THE MICROBIOME

We know our metabolism depends crucially on our gut microbiome. This complex combination of microorganisms enables our digestion and has a decisive influence on many metabolic processes. Stress, environmental toxins and a one-sided diet quickly put the microbiome out of balance.

That's why Unicity Cleanse goes beyond traditional gut cleansing. This effective system supports not only the self-cleaning ability of your body – the effective combination of three proven products also promotes the growth of a healthy gut flora with valuable nutrients.

# A PERFECT SYSTEM

## PARAWAY PLUS

- proprietary blend of herbal ingredients such as walnut shells, cloves and sage
- promotes the self-cleansing of the body
- Vitamins A and B1 contribute to normal energy metabolism

## LIFIBER

- promotes the removal of waste
- soluble and insoluble dietary fibres for healthy digestion
- prebiotics to promote the healthy microbiome in the gut

## ALOE VERA

- mild, purely plant-based remedy for occasional constipation
- promotes self-cleaning
- essential vitamins and minerals for gut health

# METABOLIC HEALTH STARTS IN THE GUT

Unicity Cleanse supports healthy digestion - and much more! Many Experts recommend cleansing the gut two to three times a year. Cleanse not only helps the body clean itself, but also supports the growth of good intestinal bacteria for long-term well-being. A healthy microbial balance not only ensures regular digestion, but also influences:

- 🌿 GENERAL METABOLIC HEALTH
- 🌿 THE IMMUNE SYSTEM
- 🌿 FAT METABOLISM AND WEIGHT MANAGEMENT
- 🌿 HEALTHY SKIN AND BEAUTIFUL HAIR
- 🌿 MENTAL STABILITY
