

UNICITY PROBIONIC PLUS

Reset your centre – for a better gut feeling

Each Unicity product has been developed to make your life better.

Our excellent science-based products can contribute significantly to supporting metabolic functions and overall wellness!

IDEAL FOR ALL THOSE WHO...

- want to support the diversity of their intestinal flora

PRODUCT DESCRIPTION

The centre of our well-being lies in the gut!

A healthy intestinal flora in balance is crucial for our health, as it not only supports the health of our digestive system, but also influences many other metabolic processes including the immune system.

Unicity Probiotic Plus contains eleven probiotic strains to colonise the gut. These probiotic strains are microencapsulated so that they can pass through the stomach undamaged and develop their full effect in your digestive system.

Feel better all over!
