For concentration and
mental clarity

For strength, energy
& endurance

Against fatigue
& craving for
unhealthy food

THE BEST OF TRADITION & SCIENCE

Mate (mah-tay) is a superfood! Scientists have identified countless ingredients in mate leaves, including valuable secondary plant compounds and antioxidants.

Unicity Unimate contains high-quality Yerba Mate, which is processed in a unique 5-step patented process resulting in a pure premium quality mate with a high content of antioxidant chlorogenic acid.

1. HANDPICKING

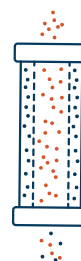

2. FIRE-ROASTED

3. EXTRACTION

4. CONCENTRATION

5. PURIFICATION

POWER STARTS WITH CALMNESS

Yerba Mate is THE national drink in many parts of Latin America and is believed to have countless health benefits. It increases energy and focus without overstimulation, because the caffeine contained in mate is only released slowly in the body. Theobromine, another active ingredient, is also found in high-quality chocolate and is said to put you in a good mood.

Yerba Mate is a natural source of:

Antioxidant chlorogenic acids for protection against free radicals

With caffeine and theobromine for more energy and focus

Rich in matesaponins, valuable phytochemicals

DISCOVER YOUR SUPERPOWERS!

Professionals

Is your inbox flooded with emails? That presentation you need is still not done yet? Get the mental focus you need in your job with Unimate!

Parents

Keep calm and carry on while juggling your job, housework and school!

Athletes
